

AWS Well Architected Review Assessment Offer

Powered by nOps

aws partner network

Advanced Consulting Partner

Data & Analytics

DevOps

Immersion Day Partner

Overview

The AWS Well Architected Review (WAR) Assessment Offer helps assess your existing AWS workloads against the best practices of the 5 Pillars of Well Architected Framework. The review and assessment will identify potential Business risks, close security gaps, deliver cost savings and help build scale and performance of your workloads on AWS. With the use of nOps tool, the review process is fast enabled with auto discovery of risks and issues.

How it works

- Step 1** Identify the workload to review
- Step 2** Allow read-only access to your AWS account
- Step 3** Agilisium will execute the Well Architected Review
- Step 4** Report will be provided that highlights High Risk Issues (HRI)
- Step 5** Agilisium will help resolve the High Risk Issues (SoW required)

Benefits

Optimize Workloads

Optimize your workloads to run more efficiently by eliminating risks and implementing best practices

Cost savings

Identify Areas that can help reduce costs and yield better TCO

Agilisium Expertise

Our consultants have deep expertise and can help offset knowledge gaps.

AWS Credits

Eligible on closure of HRIs by Agilisium
